We are delighted to introduce you to our latest trade catalogue for 2023-24. Our team has worked tirelessly to bring you an exciting range of products which will help your customers to create and maintain their perfect outdoor space. 2022 was a largely "flat" year for the garden trade, following the original boom created by the Covid pandemic. To date, 2023 has seen an unexpected surge in demand for our products, exacerbated by some supermarket shortages and this has created strong demand for grow your own products. This surge in demand did put pressure on our team and led to some early season service delays due to higher than forecast order volumes. We understand that these delays are frustrating but please be assured we are doing everything we can to ensure this will not happen again! We are working hard to maintain our highly competitive prices and excellent customer service levels. As you will see, we are introducing a host of brand new products for the season ahead which we believe will offer exciting new sales opportunities. We would like to thank you for your continued support.

We have had a strong start to 2023 despite the garden industry slowdown in the second half of the previous year. Thankfully, we managed to hold our prices over the past twelve months notwithstanding the inflationary pressures from our supply base. For the 2023/24 season, we are introducing more than 40 new products for the 2023-24 season, including 24 new propagation products which reinforce us as the market leader in this sector. Among these new items are Square Tom Pots, Super-Sized Seed Trays, Garden Trays, Deep Root Garden/Seed Trays, a Large Budget Ventilated Propagator as well as Jute Seed Mats. We are particularly excited to introduce two brand new "split cell" growing systems; a 28 Cell Deep Root Seed Success Kit is accompanied by a 24 Cell Fast Root Kit. Our top-selling Micro Greens range now includes two Double Depth Micro Greens Trays, while there are 2 new heated Vitopod propagators and 3 Jute Growing Bags. Also new to the range are Jute Hanging Basket Liners in six sizes plus a practical deep Home & Garden Storage Tray. Completing our new launches for 2023 are the Cane Grip Grow Pot Set, which comprises two 25cm (11L) pots coupled with cane supports, and a new Duogrow self-watering planter which ensures optimal, efficient watering using a wick-based system. The Duogrow is an ideal, compact and low maintenance product for budding veg growers and is infinitely extendable with the addition of a 2-pot extension kit and waters plants for up to 14 days at a time. You can easily spot all the new products as you explore the catalogue as all have been clearly marked as follows **NEW**.

"Company" refers to Garland Products Limited;
"Purchaser" refers to the individual, firm or company to whom a quotation is addressed or whose order is accepted by the Company; "Goods" refers to goods the subject of such quotation or order; "Conditions" refers to these Conditions of Sale which shall apply in respect of all contracts between the Company and the Purchaser for the purchase of Goods from the Company. "Contract" refers to the contract for the sale and purchase of the Goods; "Intellectual Property" refers to any trademarks, registered or unregistered design rights, UK or foreign patents, copyright, confidential information, trade or business names, data base rights, know how and other intellectual property rights or obligations of any nature whether registrable or not in any country; and "Materials" refers to Goods, drawings, documents, confidential records, data, texts, emails, DVD, computer programs, diagrams, images (in any tangible or electronic medium whatsoever including paper based materials, computer programs, software, CD's, audio and/or visual tapes).

1. APPLICATION OF CONDITIONS

- 1.1 All contracts for the supply of goods by the Company will be subject to the following conditions to the exclusion of any addition, modification or variation thereof save such addition, modification or variation as shall be agreed in writing by the Company. Unless expressly accepted in writing by the Company any qualifications of these terms and conditions of sale or any conditions which may be contained in any written or printed document including any order form of the Buyer shall be deemed to be excluded from any contract arising between the Company and the Buyer.
- 1.2 It is agreed that any documents sent by the Purchaser to the Company which contain terms and conditions are sent by the Purchaser and received by the Company on the understanding that they have no legal effect and the Purchaser waives any rights which the Purchaser might otherwise have to rely on such conditions.
- 1.3 These Conditions shall have effect in place of any other terms and conditions which may previously have been notified by the Company to the Purchaser.
- 1.4 All Goods are supplied subject to the reasonable availability of suitable material to the Company.
- 1.5 All drawings, descriptive matter, weights, dimensions, specifications, brochures, catalogues, price lists and all advertising matter are approximate and by way of identification only and are intended merely to present a general idea of the Goods or services described therein and their use shall not in any circumstances render any 'sale by description', nor shall they form part of any Contract. All prices quoted are subject to alteration or withdrawal by the Company from time to time without notice.
- 1.6 Technical performance is estimated only and the results of any tests which are carried out by the Company prior to delivery shall be final and the Purchaser shall have no claim whatsoever if the technical performance after delivery and/or installation differs from that obtained in the tests.
- 1.7 No representation or warranty is given as to suitability or fitness of the goods for any particular purpose and the Buyer shall satisfy himself in this respect and shall be totally responsible therefore.

2. DELIVERY

- 2.1 Any time or date quoted by the Company for delivery is given as accurately as possible, but is not guaranteed. The Buyer shall have no right to damages or to cancel the Contract for failure to meet the delivery time stated. In no event shall the Buyer be entitled to make or purport to make, time for delivery the essence of this Contract.
- 2.2 If delivery or collection of the Goods is delayed as a result of any act or omission of the Purchaser, payment shall nevertheless be due to the Company as if the Goods had been delivered when ready and the Company shall be entitled to make a reasonable charge for the storage of the Goods until the Purchaser takes delivery of the Goods.
- 2.3 If 3 months have elapsed from the date on which the Purchaser was notified that the Goods were ready for despatch or collection and the Goods have not been collected or no instructions for their despatch have been given then without prejudice to any other right or remedy the Company might have, the Company shall be entitled to sell or dispose of the Goods, whether paid for or not, as it sees fit and to apply the proceeds of such sale or disposal (if any) in reduction of any claim the Company may have against the Purchaser, whether for the price or otherwise, and the Purchaser shall be deemed to have given the Company irrevocable authority to do so.

3. LOSS OR DAMAGE IN TRANSIT

- Where the Company is responsible for carriage of the Goods, the Company shall not be liable for any loss of or damage to the Goods whilst in transit unless written notice of the loss or damage is given to the Company by the Purchaser within 5 days of the date of delivery.

4. INSPECTION

- 4.1 The Buyer is under a duty whenever possible to make an inspection of the goods on delivery or on collection as the case may be.
- 4.2 Where the goods cannot be examined the carriers note, or such other note as appropriate shall be marked 'not examined'.
- 4.3 The Company shall be under no liability for any defects or shortages that would be apparent on careful inspection if the terms of this clause are not complied with, and, in any event will be under no liability if a written complaint is not delivered to the Company within five days of delivery detailing the alleged defect or shortage.
- 4.4 In all cases where defects or shortages are complained of the Company shall be under no liability in respect thereof unless an opportunity to inspect the goods is supplied to the Company before any use is made thereof or any alteration or modification is made by the Buyer.
- 4.5 Subject to clause 4.3 and 4.4 the Company shall replace or credit any goods damaged in transit as soon as it is reasonably able to do so, but otherwise shall be under no liability whatsoever or howsoever arising from such shortage or damage.

5. RISK

- The risk in the Goods shall remain with the Company until whichever is the earlier of delivery by the Company or collection by the Purchaser or payment for the Goods by the Purchaser at which time the risk in the Goods shall be transferred to the Purchaser.

6. TITLE

- 6.1 Title in the Goods shall only pass to the Purchaser upon payment in full of all sums due to the Company under this Contract and under all contracts between the Company and the Purchaser including any sums due under contracts made after this contract whether or not the same are immediately payable.
- 6.2 The Company may recover Goods in respect of which title has not passed to the Buyer on whichever is the earliest of the following dates:-
 - 6.2.1 the expiration of any agreed period of credit in relation to the Goods;
 - 6.2.2 the Buyer doing anything or failing to do anything which would entitle a creditor to appoint a receiver to take possession of any of the Buyer's assets or which would entitle any person (including the Buyer itself) to present a Petition for winding up the Buyer or to propose an application for an administration of or voluntary arrangement in relation to the Buyer under the Insolvency Act 1986 or on a resolution being passed for the winding up of the Buyer (otherwise than for the purposes of amalgamation or reconstruction whilst solvent) or on the Buyer ceasing or threatening to cease to

carry on its business by reason of insolvency or approaching insolvency or otherwise;

- 6.2.3 distress or execution being levied against any of the Buyer's assets or if a judgement against the Buyer remains unsatisfied for more than 7 days; and the Buyer irrevocably licenses the Company, its officers, employees and agents to enter upon any premises of the Buyer, with or without vehicles, for the purpose either of satisfying itself that Condition 6.3 below is being complied with by the Buyer or for recovering any Goods in respect of which title has not passed to the Buyer.
- 6.2.4 Any merchandiser display units that are supplied 'free on loan' by the Company will remain the property of the Company for the sole use of displaying Garland Worth Gardening products, and can be removed at any time. Unless there is prior agreement, should merchandiser display units be used for any other purpose or become damaged or altered in any way, the Company will expect to receive payment for their full value.
- 6.3 Until title to the Goods has passed to the Buyer under these Conditions it shall possess the Goods as fiduciary agent and bailee of the Company. If the Company so requires, the Buyer shall store the Goods separately from other goods and shall ensure that they are clearly identifiable as belonging to the Company. During such time as the Buyer possesses the Goods with the Company's consent, the Buyer may in the normal course of its business sell or hire the Goods as principal and without committing the Company to any liability to the person dealing with the Buyer.
- 6.4 Notwithstanding that title in the Goods has not passed to the Buyer, the Company shall be entitled to maintain an action for the price of the Goods.
- 6.5 Upon cessation of the buyer's right to possession of the goods in accordance with Clause 6.2 hereof:
 - (i) The buyer shall at their own expense make the goods available to the Company and allow the Company to repossess them.
 - (ii) The buyer hereby grants the Company, their servants and agents an irrevocable licence to enter with or without vehicles any premises where the goods are stored in order to repossess them and inspect them at any time.
 - (iii) The buyer shall identify all goods supplied by the Company and provide them with every facility and co-operate fully with their identification and removal.
- 6.6 Each paragraph and sub-paragraph of this Condition 6 is separate, severable and distinct.
7. **PRICE AND PAYMENT**
 - 7.1 All retail prices shown in the Company catalogue include VAT (where applicable) and are suggested prices at the time of going to press. Prices are subject to alteration without notice and goods are offered subject to availability and shall be invoiced at prices ruling at the date of despatch.
 - 7.2 Unless otherwise agreed by the Company in writing the Buyer shall pay the invoice in full to the Company in the currency invoiced by the Company to the Buyer no later than the 30 days of the month following delivery and the invoice date and for this purpose time shall be deemed to be of the essence of the contract.
 - 7.3 The Company may deduct from or set-off against the price due all sums which the Company may be liable to pay to the Purchaser. The Company may require all payments to be made by direct debit, standing order or any other payment arrangement and it reserves the right to demand security for payment at any time before continuing with or delivering any order.
 - 7.4 Without prejudice to Condition 7.6 where the Purchaser defaults in payment, the Company shall be entitled to suspend any or all further deliveries or production of Goods under the Contract and under any other contract between the Company and the Purchaser. The Purchaser shall pay all the Company's costs, charges and expenses directly or indirectly incurred in obtaining or otherwise enforcing payment of the same.
 - 7.5 Credit facilities may be provided on request and a maximum credit limit will be set by the Company. If the Purchaser is a limited company, its Directors will upon entering into an agreement for the credit facilities (whether orally or in writing) accept personal liability on behalf of the Purchaser regarding payment for Goods supplied by the Company to the Purchaser. The Company reserves the right to withdraw credit facilities at any time and without notice.
 - 7.6 The Company will charge interest at a rate of 3 per cent above the base rate of The Bank of England until payment is received after as well as before any judgment thereof.
8. **INTELLECTUAL PROPERTY**
 - 8.1 The Purchaser warrants that any design, drawing, specification or instruction furnished or given to the Company shall not be such as to cause the Company to infringe any Intellectual Property. The Purchaser shall indemnify the Company against all claims, actions and costs made or brought against the Company (whether in the UK or elsewhere) in respect of any infringement of Intellectual Property.
 - 8.2 All Intellectual Property in all Materials and other information supplied by the Company, whether produced by itself or a third party, are supplied on the express understanding that the Purchaser will not, without the prior written consent of the Company, give away, loan, exhibit, or sell such Materials or other information or extract from them or make copies of them or use them in any way except in connection with the Goods in respect of which they are issued.
 - 8.3 The Purchaser shall as soon as it becomes aware immediately give the Company in writing full particulars of any claim being made or action pending, threatened or brought against the Purchaser or the Company in relation to an alleged infringement of Intellectual Property and shall make no comment or admission to any third party in respect thereof. If the Purchaser becomes aware of any use or proposed use by any other person, firm or company of any Intellectual Property described in Condition 8.2 which amounts or might amount either to infringement or to passing off it shall immediately give the Company full particulars of the same in writing.
 - 8.4 If requested by the Company, the Company shall have conduct of any proceedings or defence relating to any claims under Condition 7 in such manner as the Company thinks fit and the Purchaser shall provide to the Company such reasonable assistance as the Company may think fit.
9. **GUARANTEE**
 - 9.1 Unless otherwise agreed, subject to sub-paragraphs 9.2 and 9.3, the Goods shall, if the Purchaser satisfies the Company that they have at all times been used strictly in accordance with any instructions given by the original manufacturer or the Company, be guaranteed against defects in material and/or workmanship for a period of 12 months from the date of delivery or collection.
 - 9.2 The Company shall under no circumstances be liable for normal wear and tear and the Company's obligations under this Guarantee are limited in the Company's discretion to either replacement or repair of the goods, or the giving by the Company to the Purchaser of credit to the invoiced value of the Goods.
