ENVIRONMENTALLY FRIENDLY PRODUCTS

Stuart Glendenning
Chairman

We are delighted to introduce our new 2025 Trade Catalogue for the coming season. The past 12 months have been challenging, following a fire in our smallest warehouse at the end of November 2023. Despite this setback, we have worked tirelessly to minimize any supply disruption. Thanks to our dedicated team, we managed to operate with minimal service impact during the pre-season. Remarkably, in the circumstances, we achieved our best ever delivery record with just under 99% of all orders being delivered in full. Behind the scenes, we have been incredibly busy developing an array of exciting new products for you and your customers.

Mark Dedman
Sales Director

We are introducing over 45 new products in all for the new season. We have seen particularly strong demand for propagation products over the past season and we are further strengthening this range. The 19 new propagation lines include a Duo Pack Propagator Set, 5cm Fibre Tomato Starter Pots, 6L Mini Tom Pots, a 32cm Cloche Cover, Propagator Pot Sets in two colours and two new Vented Propagator Lids. We have also added two new heated propagators and seven new lighting kits designed to fit virtually any propagator which will extend the growing season. A new rectangular tray (80cm L x 25cm W x 12cm H) is a handy size for plant watering. The new Triogrow, a 3-pot self-watering system, complements the popular Duogrow launched last season, and meets the growing demand for low maintenance, high-performance growing systems. We have also updated our industry-leading Garden Basics range; our new and unique cardboard POS packaging eradicates the use of plastic while maintaining excellent product visibility for the consumer with efficient use of space in store. New Chain Lock products have also been added to the Garden Basics range ensuring that it remains the most comprehensive range on the market. In our Garden Tidying range, we are introducing a new Hedge Sheet (2m x 1.2m), which can be interlinked for longer hedges and easily transported using corner handles. Our new Super Tough Garden Bags offer supreme strength at affordable prices, and the new Ultra Tough bags can handle loads up to 200kg. We have further expanded our range of furniture covers catering for the latest market trends. There are five additional sizes in our Rattan ranges, and we are introducing new covers for casual dining sets, lounge sets, coffee tables, and duo seats. Finally, our Garden Essentials range now includes a Downpipe Pot Holder and a Drain Cover Planter designed to brighten up even the dullest downpipe! You can easily spot all the new products as you explore the catalogue as all have been clearly marked as follows **NEW**

Our key focus remains on core gardening, and we continue to strive to bring truly unique products to market. We would like to extend our heartfelt thanks for your continued business and support, and we look forward to an exciting season ahead.
